IDWeek 2021 Schedule-at-a-Glance

All times are Eastern. All session titles, dates and times are subject to change.

Premeeting Workshops <i>(additional fees apply)</i>	
Tuesday, Sept. 21	
11 a.m.–2 p.m.	TB Workshop
2–5 p.m.	Research Training Programs and Grant Writing Strategies for ID Physician-Scientists
Wednesday, Sept. 22	
9 a.m.–1 p.m.	Performance Improvement: Tools for the ID Practitioner
12–2 p.m.	Extending Antibiotic Stewardship into Outpatient Settings
Thursday, Sept. 23	
10 a.m.–5:45 p.m.	Vincent T. Andriole Board Review Course
12–5:45 p.m.	Best Practices in Antimicrobial Stewardship Programs
1–5 p.m.	Achieving Success and Scholarship as an Infectious Diseases Health Professions Educator Through Curriculum Development
	How to Use EBM/GRADE to Develop Guidelines
Monday, Sept. 27	
1–6:30 p.m.	Pediatric Fellows Day Workshop
Tuesday, Sept. 28	
11 a.m.–5 p.m.	Fellows Day Workshop
5 p.m.–6 p.m.	IDea Incubator
Wednesday, Sept. 29 – Thursday, Sept. 30	
All Day	<i>Chasing the Sun: COVID-19, Beyond the Horizon</i>
Industry Supported Affiliated Events	
Sept. 13–28	
11 a.m.–1 p.m.	Weekday Industry Supported Satellite Symposia and Presentation Theaters
Wednesday, Sept. 29	
8–10 a.m.	Industry Supported Satellite Symposia

Meeting Sessions <i>(Official Start of the Program)</i>	
Thursday, Sept. 30	
10–11 a.m.	Named Lecture Edward H. Kass Lecture: Patricia Whitley-Williams, MD, FAAP; Rutgers Robert Wood Johnson Medical School, New Brunswick, NJ Maxwell Finland Lecture: Eric Pamer, MD, FIDSA; University of Chicago, Chicago, IL
11 a.m.–12:15 p.m.	Meet-the-Professor This is Our Shot: Peds COVID-19 Interactive A Day with the Stewardship Pager: Challenging Stewardship Cases Diagnostic Clinical Cases Symposia Code Blue: Resuscitating Antimicrobial Stewardship and Health Care Epidemiology Post-COVID-19 Crisis Communication Emerging Infection Prevention Issues Outside of Acute Care HIV Clinical State of the Art: At the Cutting Edge Hot Issues in Enterococcus faecalis Bacteremia/Endocarditis (IE) Language Matters: Integrating Inclusive Language in ID Education and Patient Care Leveraging Machine Learning for Infectious Diseases Management Strategies for Non-Tuberculous Mycobacteria (NTM) Infections Misinformation and the Public's Health Science of COVID-19 Vaccines
12:30–1:45 p.m.	Interactive Travel/Trop Med Cases Symposia Advances in Pediatric TB and NTM Cardiovascular Implantable Electronic Device (CIED) Infections COVID-19 Vaccines in Real Life Developing and Maintaining Expertise: Deliberate Practice for ID Learners of All Ages Diversity and Inclusion Amidst the COVID-19 Pandemic Even More Bad Bugs (with Limited Drugs) HBV Treatment in People with HIV: Back to the Basics HIV Debate Session New Approaches to the Diagnosis of Lower Respiratory Tract Infections Opening Schools During COVID-19 PCRs, Presenteeism and PPE: Infection Prevention Post-COVID-19 Tackling Antimicrobial Resistance and HAIs Around the Globe: Prevention and Surveillance Strategies The Ongoing Battle of SARS-CoV-2 and the Human Immune System

2–3:45 p.m.	Industry Supported Learning Lounges
3:45–5 p.m.	Meet-the-Professor Strategies for Optimizing ID Case Conference: An Educator's Toolkit
	What's New with VRE?
	Interactive Challenging Cases in HIV
	Challenging Cases in Pediatric Infectious Diseases
	Symposia Are Transplant Patients Human Epicenters of Viral Variants and Resistance?
	Controversies in Antimicrobial Stewardship
	Diagnostic Challenges in HIV and Hepatitis
	Eat the Apple: Genesis of Antimicrobial Resistance
	Homelessness and Infectious Diseases
	How Low Can We Go? Optimizing Duration of Therapy
	Telehealth and Telemedicine: Where Do We Go from Here?
	The Tiny but Fierce Beasts of COVID-19 & Health Care Epidemiology: Controversies in Pediatric Prevention
	Unwanted Guests: When Fungi Complicate Patient Care
	5:15–6:30 p.m.
Burnout in Health Care Epidemiology: An Individual and System-Level Perspective	
Focus on the Fellows	
Getting Started in Health Care Epidemiology and Clinical Quality	
Most Challenging Cases: Difficult ART Management Cases	
Perinatal Transmission of Potential Pathogens: Managing the Mother-Infant Dyad	
What's Hot in Pre-travel	
Symposia #BeASteward: Transforming Fellows into Stewards Using the IDSA Antibiotic Stewardship Curriculum	
Clinical Controversies in <i>S. aureus</i> Bacteremia	
Hot Topics in Pediatric Infectious Diseases	
How Do COVID-19 Variants Affect Infection Control?	
Impact of Infectious Diseases on First Nations and Indigenous Populations	
Late Breaking Symposium I	
Leading Teams During a Crisis: How to Lead When Your Team Is Exhausted, and You Are Too	
Re-Envisioning Your Infectious Diseases Curricula through a Non-Oppressive/Anti-racist Lens	

Friday, Oct. 1	
8–8:45 a.m.	Industry Supported Learning Lounges
9–10 a.m.	Named Lecture SHEA Lectureship: Deborah S. Yokoe, MD, MPH, FIDSA, FSHEA; University of California San Francisco, San Francisco, CA
	Stanley A. Plotkin Lectureship in Vaccinology: William C. Gruber, MD, FIDSA; Pfizer Vaccine Clinical Research and Development, Pearl River, NY
	Meet-the-Professor Do Breakpoints Matter? The Fungal Story
	How Do I Get a Susceptibility Result for that New Drug?
	Microbial Genomics: Ready for Prime Time
	New TB Treatment Options
	Interactive Clinical Trial Lessons Learned for COVID-19: What Worked and What Didn't?
	Symposia Antimicrobial Stewardship Across the Globe
	Chronic Neurologic Infections: It's a Marathon, Not a Sprint
	COVID-19 and Transplantation: Where Are We Now?
COVID-19 Vaccines and Special Populations	
Global Genomics for Emerging (Zoonotic) Viral Diseases	
HIV Update for the General ID Practitioner	
Influential Publications in Health Care Epidemiology 2021	
KD and MIS-C Across the Sea	
The Impact of Social Media During a Pandemic	
11:30 a.m.–12:45 p.m.	Meet-the-Professor Latest and Greatest in Pediatric Surgical Device-Associated Infections
	Pregnancy and Viral Hepatitis: Test and Treat?
	Top Practice-Changing Papers in Transplant ID
	Interactive Challenging Cases in Infectious Diseases
	COVID-19 Vaccines: Challenging Questions
	Symposia All that Glitters Is Not Gold: Metals as Antimicrobials
	Culturally Competent Community Engagement Strategies
	Interventions to Impact Stewardship (Influencing in Stewardship: Devil Is in the Details)
	Long-Acting ART Treatment
	Long COVID
Public-Private Partnerships to Revive Future Antibiotic Development and Access	
Say It, Don't Spray It: Examining the Perspectives on Aerosols and Virus Transmission	
Updates on Global Malaria	
1–2:45 p.m.	Industry Supported Learning Lounges

2:45–4 p.m.	Meet-the-Professor Equity in Assessment	
	Successes in Outpatient Stewardship	
	Interactive A Day with the Hospital Epidemiologist's Pager: Challenging Cases in Infection Prevention	
	Clinical Controversies	
	Therapeutic Options for MDR Gram-Negatives	
	Symposia A Two-Way Street: Fungal-Immune System Interactions	
	Big Beasts of Skin & Soft Tissue Infections	
	Climate Change	
	Controversies and Challenges in Pediatric Transplant ID	
	Impact of the COVID-19 Pandemic on Antimicrobial Stewardship Programs	
	The LEAP Fellowship 2020–2021	
	PrEP	
	Potpourri Vaccines	
	Update on Natural and Prosthetic Vascular Graft Infections	
	What's New in Orthopedic Infections: Bone Appetit!	
	4:15–5:30 p.m.	Meet-the-Professor Beta-Lactamase Inhibitors PK/PD — Case-based Approach
Competing Priorities Between Antimicrobial Stewardship and Other Hospital Needs		
Infectious Disease Consulting for Businesses During COVID-19: Tales from the Front Line		
Interactive Mano-a-Mano: Pediatric Infectious Diseases		
STIs in Persons with HIV: An Interactive Case-Based Approach		
Symposia Big and Little Beasts and the Infectious Diseases They Cause		
HCV Treatment Simplification: Overcoming Barriers to Care		
HIV State of the Art: On the Horizon		
Making Decisions to Treat Respiratory Viruses		
Novel Vaccination Strategies Against Respiratory Infections		
Optimizing Molecular Testing in Algorithms for the Diagnosis of Challenging Fungal Pathogens		
The Value of ID: Post Pandemic Lessons Learned to Leverage the Value of the ID Physician		
Using Novel Antimicrobial Therapies in Transplant ID: Preserving the Pipeline		
5:35–6:55 p.m.		Named Lecture John F. Enders Lecture: Ann R. Falsey, MD, FIDSA; University of Rochester, Rochester General Hospital, Rochester, NY
		Joseph E. Smadel Lecture: Keith P. Klugman, MD, PhD, FIDSA; Bill and Melinda Gates Foundation, Seattle, WA

Saturday, Oct. 2	
10–11:15 a.m.	Named Lecture Caroline B. Hall Lecture: Betsy C. Herold, MD, FIDSA, FPIDS; Albert Einstein College of Medicine, Bronx, NY
	Meet-the-Professor Clinical Pearls in Outpatient ID Practice: Field Notes from the Frontlines
	TDM for Beta-Lactams: Ready for Prime Time?
	Top 10 Papers in Medical Mycology
	Symposia COVID-19 Impact on HIV Care
	HACKing the System
	ID Complications Associated with Novel Cellular and Immunotherapies in Cancer
	Leadership in the Time of Social Media
	Mind the Gap
	New Diagnostics Strategies for Tuberculosis
	Pathogen-Specific Clinical Trials: Promise and Practical Considerations
	Picornaviruses: Beyond Hand, Foot and Mouth Disease
	Using Big Technology to Tame Big Beasts
11:30 a.m.–1:15 p.m.	Industry Supported Learning Lounges
1:15–3 p.m.	Meet-the-Professor Advanced Practitioners and Pharmacists in Infectious Disease
	Interactive Challenging Cases in Transplant ID
	Symposia How to Win Friends and Influence People in Antimicrobial Stewardship
	Late Breaking Symposia II
	LATAM Session
	Precision Pediatric ID: Targeting Treatment and Prevention Strategies for Challenging Pediatric Infections
	RCTs That May Change Your Practice
	Visualizing Infections Using Molecular Imaging
	What's Hot in ID + HIV
	Sunday, Oct. 3
10–11:15 a.m.	Meet-the-Professor Most Challenging Cases: Difficult Diagnoses
	What's Hot in Innovative Microbiological Diagnostics: Two Editors' Perspectives
	Symposia The Case of the Disappearing Flu
11:20 a.m.–12:50 p.m.	Closing Plenary

Visit idweek.org to register and view program details.

Important Dates

Registration Opens

Tuesday, May 25

To register or view registration and workshop rates, visit idweek.org.

Abstract & Case Submission Deadline*
Awards & Grants Application Deadline*

Wednesday, June 9

Call for Abstract and Case Submissions is open now at idweek.org.

**5 p.m. Eastern Time*

Abstract Disposition Notification

Friday, July 30

Abstract Withdrawal Deadline

Friday, Aug. 13

Preregistration Deadline

Friday, Aug. 27

Onsite registration rates apply, after Aug. 27.

Are You a Member?

Members receive discounted IDWeek 2021 registration rates.
Click on one of the partner organizations to join.

SIDP members are not currently eligible for IDWeek member rates. Contact your society to activate your membership.
