IDWeek 2024 Program-at-a-Glance

All times are Pacific. All session titles, dates and times are subject to change.

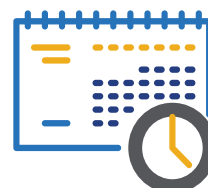

Premeeting Activities <i>(Additional fees apply)</i>	
Tuesday, Oct. 15	
8 a.m. – 5 p.m.	Premeeting Workshops (\$)
5:30 – 6:30 p.m.	Industry-Supported Presentation Theaters
Wednesday, Oct. 16	
7 a.m. – 1 p.m.	Industry-Supported Satellite Symposia <i>(7–9 a.m., 9–11 a.m., 11 a.m. – 1 p.m.)</i>
8 a.m. – noon	Premeeting Workshops (\$)
8 a.m. – 5 p.m.	BugHub Stage and Global BugHub Stage

MEETING SESSIONS <i>(Official Start of the Program)</i>	
Wednesday, Oct. 16	
1:30 – 3:15 p.m.	Interactive Mano-a-Mano
	Symposia “Gut” to Be Important: The Microbiome and Its Role in Neutropenic Patients Undergoing Chemotherapy and Stem Cell Therapy
	Acting on Poop: Translating Wastewater Surveillance Data Into Public Health and Clinical Action
	Climate Change and Tropical Diseases
	Infectious Disease Stewardship of Sepsis: Challenges and Opportunities
	Late Breaker Symposium 1
	What’s Hot in ID + HIV
3:45 – 5:30 p.m.	Plenary Opening Plenary
5:30 – 7 p.m.	Event BugBash
7:30 – 9:30 p.m.	Industry-Supported Satellite Symposia
Thursday, Oct. 17	
8 – 9 a.m.	Meet-the-Professor AAP Redbook: Highlights for 2024-2027
	All Connected: Global Health Care Delivery and Product Development Impact on Domestic Infectious Diseases
	Bills, Bill, Bills (and ID): What’s New and Exciting in Billing and Coding
	Bronchiectasis and NTMs
	Double Trouble? Evaluating Beta-Lactams as Adjunctive Therapy for Difficult Gram-Positive Infections
	Peace of Mind: Optimizing Mental Health in the HIV Clinic
	Progress and Challenges in the Management of CNS Infections
	Should HCV Be Treated in Pregnant Persons?
	Stewardship Metrics That Work: How Prescribing Practices Impact Patient Outcomes
	What’s New in Medical Education?
	Symposium Pipeline 1
8 a.m. – 5 p.m.	BugHub Stage and Global BugHub Stage
9:15 – 10 a.m.	Named Lecture IDSA Named Lecture
10 a.m. – 2 p.m.	Exhibit Hall Hours
10:15 a.m. – 2 p.m.	Industry-Supported Learning Lounges <i>(10:15 – 11 a.m., 11:15 a.m. – noon, 12:15 – 1 p.m., 1:15 – 2 p.m.)</i>
10:30 – 11:45 a.m.	Interactive Challenging Cases in Pediatrics
	Unforgettable Cases in Adult and Pediatric Travel & Tropical Medicine
	Oral Abstracts
	Symposia “I Don’t See Race”: The Impact a Colorblind Constitution Has on Clinical Disparities, Medical Education and the Workforce in Infectious Diseases
	Beyond the 101: Pondering Perplexing Prescribing Issues

	Building Your Own Clinical Prediction Model: A Bootcamp for the ID Researcher
	Chair’s Session 1
	Managing Infection in the Era of MDR/XDR/PDR in Immunocompromised Hosts
	Meeting Resistance: Novel Methods for Antimicrobial Resistance Detection
	Preparing for the Next Big One
	State-of-the-Art HIV Care and Prevention
12:15 – 1:30 p.m.	Poster and Rapid-Fire Presentations (Poster Hall Open 8 a.m. – 6 p.m.)
1:45 – 3 p.m.	Interactive Challenging Cases in Infectious Diseases
	Challenging Consults in Mycology
	Oral and Late Breaker Abstracts
	Symposia Chair’s Session 2
	Changing the Vaccine Narrative: Building Confidence Across the Lifespan
	How to Manage Infectious Diseases in Newly Arrived Migrants
	Ideas Are Great, Design and Implementation Are Better
	Making the Case for Clinical Metagenomic Sequencing
	One Size Fits All? Antimicrobial Dosing in Obesity That Matters
	Stories From the Front Line of Adult & Pediatric Traumatic Injuries
	Strong Like Her: Sex, Gender and HIV
3:15 – 4:30 p.m.	Interactive A Day With the Stewardship Pager
	Advances and Controversies in Orthopedic Infections: A Multidisciplinary Discussion
	Commonalities and Differences in Antimicrobial Treatment of Resistant Pathogens
	Status Neutral Squabbles: Weight Gain on ART: Add a Weight Loss Agent vs. Switch ART – AND Should We Invest in nPEP as a Tool to EHE?
	Named Lecture Caroline B. Hall Lecture
	Oral Abstracts
	Symposia Challenges in Preventing TB Disease Through LTBI Treatment
	Diversifying the ID Workforce: Let’s Start Early – Undergraduate Summer Programs Broadening the Pathway Into ID
	Forging Provider-Public Health Partnerships to Effect Control of Challenging Infections
	Let’s Get Real: Using Virtual and Extended Reality for Infection Prevention, Control Training and Education of Front-Line Staff
	Thinking Outside the Box: Immunotherapy for Immunocompromised Host
4:45 – 6 p.m.	Named Lecture IDSA Named Lecture
7 – 9 p.m.	Industry-Supported Satellite Symposia
Friday, Oct. 18	
8 – 9 a.m.	Meet-the-Professor Advances in the Therapy of Leprosy
	Biofilm and Prosthetic Joint Infections
	Clinical Trials Based on Benefit-Risk: An Open DOOR
	HIV and Synthetic Opioid Abuse: Additive or Synergistic?
	How I Teach: Frameworks for Teaching Foundational ID Topics
	ID Telehealth Cases: Do’s and Don’ts for Different Telecare Modalities
	In the Era of Shorter Is Better, Does the Data Apply to My Immunocompromised Patient? A Critical Review of the Evidence
	Pandemic Preparedness Through a Diagnostic Lens
	Papers That Should Change Your Practice in Pediatric ID
	Training the Next Generation: New Infection Prevention Curriculum for Fellows From SHEA and an Update on AMS Curriculum From IDSA
	Symposium Pipeline 2

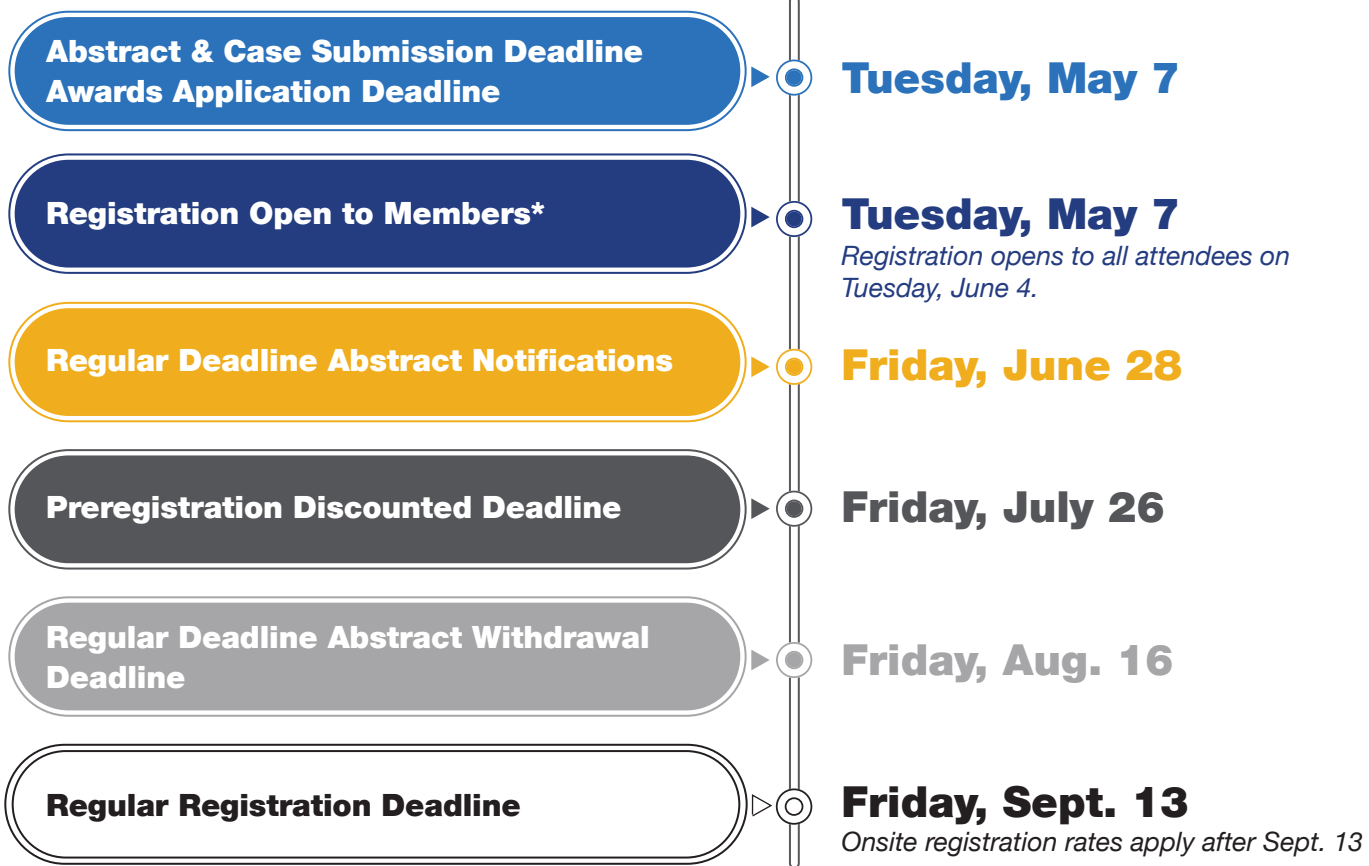

8 a.m. – 5 p.m.	BugHub Stage and Global BugHub Stage
9:15 – 10 a.m.	Named Lecture IDSA Named Lecture
10 a.m. – 2 p.m.	Exhibit Hall Hours
10:15 a.m. – 2 p.m.	Industry-Supported Learning Lounges (10:15 – 11 a.m., 11:15 a.m. – noon, 12:15 – 1 p.m., 1:15 – 2 p.m.)
10:30 – 11:45 a.m.	Interactive Mind Blown: Challenging HIV Clinical Cases Putting the New Hepatitis B Treatment Guidelines Into Practice: A Case-Based Panel Discussion Oral Abstracts Symposia A Whole New World? Respiratory Syncytial Virus in the Vaccine and Monoclonal Antibody Era Antimicrobial Stewardship Programs in LATAM Climate Change and Infectious Diseases: A View From the Melting Arctic ID Compensation Initiative Update: It's About Time (and Value) Late Breaker Symposium 2 LEAP Session Let's Not Be Rash: Infectious Rashes and Their Mimickers Treatment Conundrums: Not Always Black and White What's Hot in Medical Mycology
12:15 – 1:30 p.m.	Poster and Rapid-Fire Presentations (Poster Hall Open 8 a.m. – 6 p.m.)
1:45 – 3 p.m.	Interactive Era of Resistance: The Most Difficult Gram-Negative Cases Friday With Health Care Epi Pager Oral and Late Breaker Abstracts Symposia Big Beasts of Clinical Mycology Chair's Session 3 HIV Updates for the Non-HIV Specialist: Principles, Pearls and Pitfalls Imaging Approaches for Patients With Infections and Fever of Unknown Origin Leveraging the Host Response for Infectious Disease Diagnosis and Pathogen Discovery Respiratory Viruses: The Big Three Surgical Issues in Pediatric Infectious Diseases Whole Genome Sequencing Surveillance for Infection Prevention: Promises and Barriers
3:15 – 4:30 p.m.	Interactive Clinical Controversies Diagnostic Clinical Cases: What Do I Do With This Test Result? Status Neutral Squabbles: Should We Switch All Suppressed PWH to Two Drugs? And Should We Ramp Up PrEP Initiation in Pharmacies? Oral Abstracts Symposia Develop Your Voice, Build Your Craft: Writing to Impact Our ID Community and Our World Go With the Flow: Infections and Mechanical Circulatory Support Host Factors That Predispose to Sepsis Influential Publications in Health Care Epidemiology, Antimicrobial Stewardship & Public Health STI Management in Latin America and Caribbean: Emerging Trends and Future Challenges Successful Stewardship Strategies Targeting Difficult-to-Reach Prescribers and Patient Populations Viral Infections in Children
4:45 – 6 p.m.	Named Lecture Stanley A. Plotkin Lecture in Vaccinology SHEA Lectureship
6 – 8 p.m.	Industry-Supported Satellite Symposia
Saturday, Oct. 19	
8 – 9 a.m.	Meet-the-Professor Challenging Cases in Patient Safety Infection Point: Optimizing LAI Patient Care and Program Features Learn From the Experienced: Coffee and Cases in Resurging Vaccine-Preventable Diseases Manuscript Peer Reviews: How to Give & Receive Feedback Mass Gatherings and Emerging Infectious Diseases

	Squabbles Among Stewards: The De-Escalation Debate The Cutting Edge: Top Research Papers in Medical Mycology Tick-Borne Illnesses: New Trends in Diagnostics and Therapeutics Transplant ID 101 for the General ID Physician What's on the Menu for Multiplex Molecular Panels for ID Diagnostics? Symposium Pipeline 3
8 a.m. – 5 p.m.	BugHub Stage and Global BugHub Stage
9:15 – 10 a.m.	Named Lecture IDSA Named Lecture
10 a.m. – 2 p.m.	Exhibit Hall Hours
10:15 a.m. – 2 p.m.	Industry-Supported Learning Lounges (10:15 – 11 a.m., 11:15 a.m. – noon, 12:15 – 1 p.m., 1:15 – 2 p.m.)
10:30 – 11:45 a.m.	Interactive Challenging Cases in Transplant ID Challenging Vaccine Issues: Beyond the Guidelines Oral Abstracts Symposia A Global Approach to Identifying and Responding to Emerging Infectious Diseases Chair's Session 4 Host Direct Therapy: Mechanisms and Infectious Complications Innovations in OPAT Just Enough or Way Too Much? Is There an Optimal Duration of Therapy for Our More Complex Patients? Revenge of the SYPH(illis) and Other Foes UnPACKing Policy: Updates From HICPAC NHSN Workgroups Viral Hepatitis Elimination by 2030: How Close Are We?
12:15 – 1:30 p.m.	Poster and Rapid-Fire Presentations (Poster Hall Open 8 a.m. – 6 p.m.)
1:45 – 3 p.m.	Interactive Afternoon Delight: Challenging HIV and STI Co-Infection Cases (ASTDA) Oral and Late Breaker Abstracts Symposia (Steward)SHIPS Across the Water: Pediatric AMS in the U.S. and Europe Clinical Trials That May Change Your Practice Case-Based Gu(ID)elines Emerging Issues With Influenza Viruses Heroes of the EMR: Computer Hacks to Elevate Your Stewardship Game Infectious Endocarditis Hot Topics Intricacies of CMV: Treatment and Prophylaxis Challenges Long-Acting Lipopeptides: Time to Connect the Dots? What's New in the Detection and Prevention of NTM Outbreaks?
3:15 – 4:30 p.m.	Oral Abstracts Symposia Advancing the Management of Pediatric Community-Acquired Pneumonia Big Data & Bad Bugs Group A Strep: Familiar Friend or Emerging Foe? New Vaccines in Development Personalized Phage Therapy Progress Not Perfection: Managing Substance Use Disorder and Other Syndemics in the HIV Clinic Teaching Clinical Reasoning for the ID Educator This Is Fine: How to Manage a Case of Mid-Career Burnout Urinary Tract Infection: Addressing New Findings Virus on the Brain: Pathogenesis of Neurovirulent Viral Infections
4:45 – 6 p.m.	Interactive IDBugBowl
6 – 8 p.m.	IDWeek Closing Party
