How much will a booth cost?

Calculate the total booth square feet by the appropriate cost in the chart on the right. A 10'x10' commercial in-line booth is 100 square feet. $\$39 \times 100 = \$3,900$ for the booth.

Non-Profit booths will cost a flat fee of \$25 per square feet regardless of a corner or in-line. We will assign what's available to you. If you have a preference please let us know in the booth application.

Booth Type	Cost per Square Foot
Commercial In-Line	\$39
Commercial Corner	\$500
Commercial Island	\$40
Non-Profit	\$25

NEW: You have the option to now enhance your booth by upgrading to a commercial corner for an additional \$500.

Example: You can purchase a commercial in-line booth and enhance your booth to a corner.
 $\$39 \times 100 + \$500 = \$4,400$

Apply for booth space by visiting idweek.org/industry end of February at 11 a.m. ET.

All booth fees must be paid no later than June 28, 2024.

Additional Costs

Exhibitors must also carpet their booth. Carpet costs approximately \$535 for a 10'x10' booth space.

Additional booth fees that may be incurred, but are not required include:
